EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with George M. Medwick on 7/31/08.

The application has been amended as follows:

In claim 45, line 1, after "comprising" insert --, before step f)--.

In claim 45, line 3, please delete "g)".

In claim 45, line 9, please delete "h)".

In claim 47, lines 1-2, please delete ": i)".

In claim 48, line 2, please delete "step i)".

In claim 51, line 2, please delete "step i)".

In claim 53, line 1, please delete "h)".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Support for the above amendments may be found in the specification on pages 12-16 and 47, Figure 2, and Figure 11.

The prior art does not teach the k-tuple table data structures comprising symbol and difference-in-position value pairs and how to use the pairs for identifying one or more patterns in a sequence of symbols.

Regarding claims 66-68 which are drawn to a computer readable medium, the specification on page 50, describes computer readable medium to encompass tangible medium such as magnetic storage medium, optical storage medium, and semiconductor storage medium. Thus, the computer readable medium in claims 66-68 are interpreted to read on only tangible medium.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
